February will be a month focusing on weather, love / friendship, families and their celebrations then ending the month with a discussion about emotions.

The weather can be difficult to predict but we'll see if our prediction and the groundhog's prediction is on track as we chart the weather and participate in fun and interactive activities.

We will also be speaking about our families; What makes a family? Who are the members of our family? And what are the things we can do together?

On February 13: The children will be celebrating love and the love we have for our friends by having a special treat and participating in a card exchange. Please see poster on the bulletin board in front of Room 208 for more details.

SAVE the DATE: Friday, February 20 from 3:45 to 5:15 pm - Parents are invited to help us create a colourful Gallery of Gratitude Mural Project to memorialize all the wonderful moments we share with our families.
